supervisor

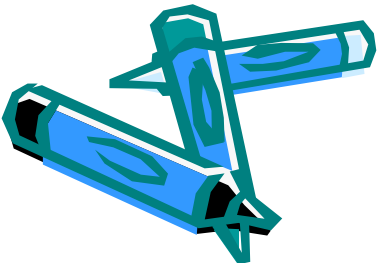

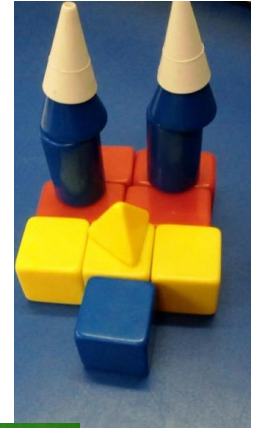

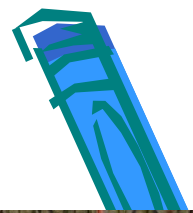

A typical day in Reception...

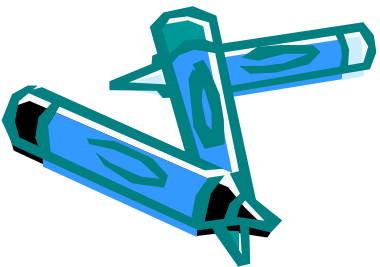

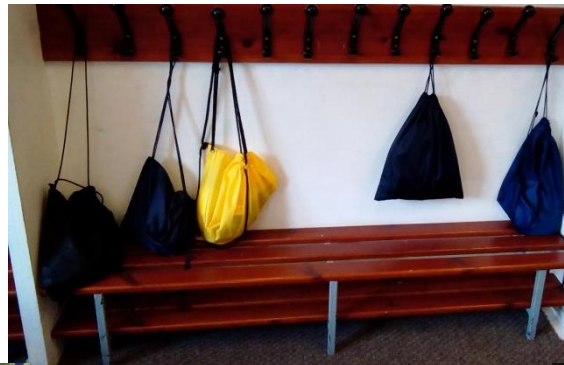

- The children are greeted by member of the Year R Team, before starting their day in their base classroom.
- The children begin their morning with table top or carpet activities which focus on a particular skill, such as Fine Motor skills or Speaking and Listening.
- After the register we move into our groups, to work with an adult in a set area, they will be able to access the resources in that room during this session.
- Next we return to our base classrooms to share snack time together.
- After play the children will access another adult led activity.
- Then its lunchtime! The children eat lunch together in the hall.
- After playing outside on the main playground, the children come inside to begin their afternoon.
- We separate into groups for our daily Phonics session.
- After Phonics the children are able to freely access several areas, indoors and out. We support the children to follow their own interests and develop their learning through play.

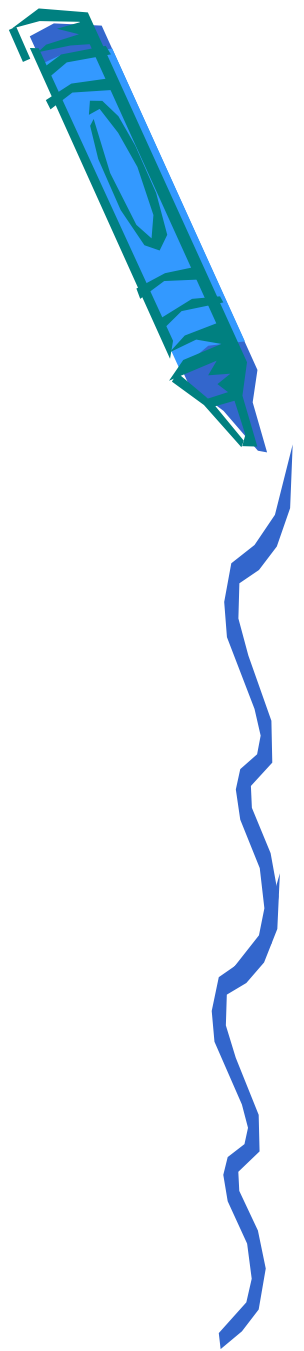

Hungry Caterpillar Classroom

In each classroom you will have a coat peg to hang your coat on. We put our wellies on a rack in the corridor and if you bring your own lunch there is a trolley for it to go on. Your water bottle also goes on the trolley so you can have a drink throughout the day.

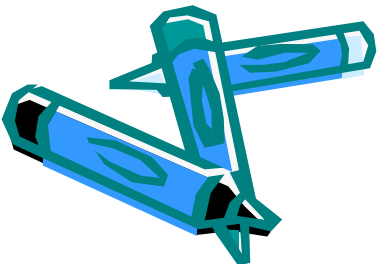

There are lots of
different areas to play
in!

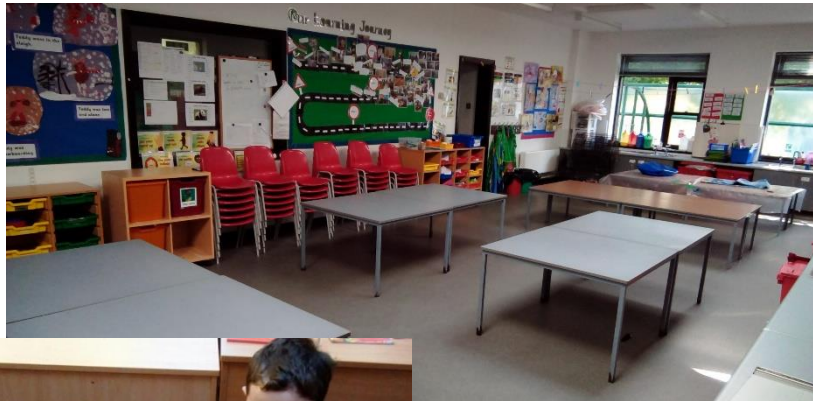

The Technology Room

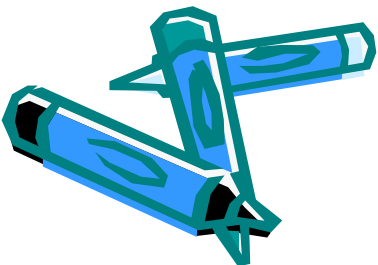

We have computers, tablets, construction toys games, a reading corner, our non fiction books and various collections of objects to explore.

The Creative Area

There are various construction and small world kits, a home corner which changes regularly. You can paint and do a variety of craft activities.

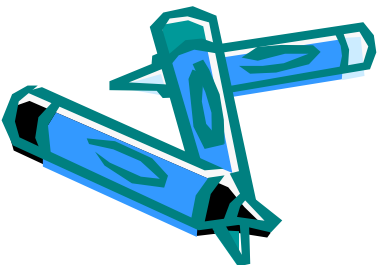

The Courtyard

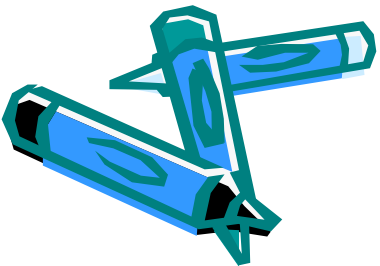

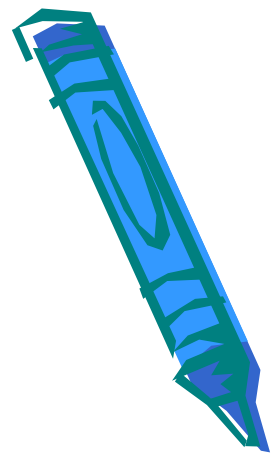

This is a covered area. We have a sandpit and a gravel pit to play in and a role-play hut which changes regularly. We also rotate a number of toys.

The Outside Classroom

The playground has some large apparatus, the mud kitchen, a bug hotel and a small world area. We also have a shed full of other equipment.

In the Creative Area we have our own toilets

We look forward to
seeing you soon!
