Further information regarding the categories of abuse can be found in the appendix to this document. Children includes everyone under the age of 18

2. Introduction and Definitions

'Safeguarding and promoting the welfare of children is defined for the purpose of this policy as:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment, whether that is in or outside the family home, including online
- Preventing impairment of children’s mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Promoting the upbringing of children with their birth parents, or otherwise their family network through a kinship care arrangement, whenever possible and where this is in the best interests of the children
- Taking action to enable all children to have the best outcomes inline with outcomes set out in the Children’s Social Care National Framework.
- Recognising abuse, neglect and exploitation

Child protection is part of safeguarding and promoting the welfare of children and is defined for the purpose of this guidance as activity that is undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.’
(Working Together December 2023)

Abuse is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Further information regarding the categories of abuse can be found in the appendix to this document.

Children includes everyone under the age of 18.

At Naphill and Walters Ash School we believe that a policy on child protection is founded on the right of all children to be safe. We expect all members of the school community including staff, governors, supply staff and volunteers to share this commitment.

Every member of the school community is responsible for contributing to a positive culture of safeguarding. The aim of this policy is to provide staff, supply staff, governors and volunteers with the framework they need to keep children in Naphill and Walters Ash School safe and secure and to provide parents and carers with the information about how we will safeguard their children whilst in our care.

This policy has been developed in accordance with following legislation and guidance:

- Children Act 1989 (amended 2004)
- “Working Together to Safeguard Children” [Working together to safeguard children - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/71114/Working_together_to_safeguard_children_-_2013.pdf)
- Information Sharing Guidance for Safeguarding Practitioners [Information sharing advice for safeguarding practitioners - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/71114/Information_sharing_advice_for_safeguarding_practitioners_-_2013.pdf)

We believe clear governance and leadership is central to embedding a safeguarding culture. The Governing Body takes its responsibility seriously under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; working together with other agencies to ensure effective and robust arrangements are in place within our school to identify and support those children who are suffering harm or whom may be at risk of harm. Governors will ensure all staff at the school have read and understood their responsibilities pertaining to Part 1, Part 5 and Annex B of Keeping Children Safe in Education.

All staff are required to read and adhere to the Staff Code of Conduct.

The school recognises that as well as risks to the welfare of children from within their families, children may be vulnerable to abuse or exploitation outside their homes, including online, and from other children. Staff must remain vigilant and alert to these potential risks.

The aims of this policy are:

- To provide an environment in which children feel safe, secure, valued and respected.
- Children feel confident that they can talk to adults within school to share any concerns that they may have.

- To ensure all teaching staff, non-teaching staff, supply staff, governors and volunteers:
- are aware of the need to safeguard and promote the wellbeing of children
- identify the need for early support
- promptly report concerns, in line with guidance from the Buckinghamshire Continuum of Need
- are trained to recognise signs and indicators of abuse.

For all staff to recognise that safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision and effective care
- Taking action to enable all children to have the best outcomes.

To provide systematic means of monitoring children known to be, or thought to be at risk of harm and ensure contribution to assessments of need and support plans for those children.

To ensure Naphill and Walters Ash School has a clear system for communicating concerns both internally and with external agencies in line with the Working Together guidance.

To ensure the school has robust systems in place to accurately record safeguarding and child protection concerns.

To develop effective working relationships with all other agencies involved in safeguarding, supporting the needs of children at our school. 2.5.9. To ensure that all staff appointed have been through the safer recruitment process and understand the principles of safer working practices as set out in our Staff Code of Conduct.

To ensure that any community users of our facilities have due regard to expectations of how they should maintain a safe environment, which supports children's wellbeing.

This policy is published on our website under Safeguarding and hard copies are available from the school office.

We will ensure:

We have a designated member of the Senior Leadership Team who has undertaken appropriate training for the role, as recommended by the BSCP. Our Designated Safeguarding Lead (DSL) will be required to update their training in accordance with the Learning Pathway agreed by the BSCP.

We have members of staff (Deputy Safeguarding Leads who will act in the DSL's absence and who have/has also received training for the role of DSL. In the absence of an appropriately trained member of staff, the most senior member of staff on site will assume this role.

All adults (including supply teachers, volunteers and contractors) new to our school are made aware of the school's policy and procedures for child protection, the name and contact details of the DSL, their role and responsibilities under "Keeping Children Safe in Education 2022" Keeping children safe in education 2022 (publishing.service.gov.uk) and the booklet "What to do if You're Worried a Child is Being Abused" Stat guidance template (publishing.service.gov.uk) . They will have these explained, as part of their induction into the school.

Visitors are:

- Clearly identified with visitor/contractor passes.

- Met and directed by school staff/representatives.
- Signed in and out of the school by school staff.
- Given a safeguarding leaflet to read or directed to a poster informing them of how to report a concern (change according to your own school procedures).
- Given restricted access to only specific areas of the school, as appropriate.
- Escorted by a member of staff/representative as required.
- Given access to pupils restricted to the purpose of their visit.

All members of staff must complete safeguarding training every 3 years, attend annual refresher training and partake in any training opportunities arranged or delivered by the DSL. Updates must be cascaded to all staff throughout the year. All new staff will receive safeguarding and child protection training on induction to include online safety and the school's filtering and monitoring system.

All staff will read the Child Protection policy, Part 1 and Part 5 of the KCSIE, at least Annually, will sign a declaration to show that the guidance has been reviewed and they have a clear understanding of their role. There are audit methods in place to ensure that staff have understood the content.

All parents/carers must be made aware of the school's responsibilities in regard to child protection procedures through this policy.

All staff, including supply staff, must follow the reporting procedures as follows when reporting any child protection concerns;

- Staff must ensure the child is in a safe place and in receipt of support;
- Staff must initially make a verbal report to the DSL to alert them to the safeguarding/child protection concern;

- A factual account of the incident must be recorded, including who was involved, what was said/seen/heard, where the incident took place and any actual words or phrases used by the child;
- Use a body map to record any injuries seen or reported by the child:
- The DSL will read and action anything on CPOMS in a timely manner.

- The DSL must ensure the child's wishes and feelings are taken into consideration when deciding on next steps.

Through our Attendance Policy, we have a robust system for monitoring attendance and will act to address absenteeism with parents/carers and pupils promptly and identify any safeguarding issues arising. The parents of any child who is not marked present by the time register closes at 9.05 or for whom we have had no information on regarding absence are called straight away to find out why the child is not in school. If no contact is made with parents (first contacts) the school calls other contacts on given list.

All children attending our school are required to have a minimum of two identified emergency contacts.

Any pupil whose absence is causing concern and where it has not been possible to make contact with a parent/carer, will be reported as a Child Missing in Education (CME) using the Buckinghamshire CME Protocol.

Any absence, of a pupil who is currently subject to a child protection or child in need plan is immediately referred to their social worker.

Parents/carers must inform school if there are any changes to a pupil's living arrangement. Naphill and Walters Ash School has a mandatory duty to inform the local authority, via the First Response Team, if a child under the age of 16 years old lives with someone other than their parent, step-parent, aunt, uncle or grandparent for a period of more than 28 days. This is defined as being a private fostering arrangement.

All staff, parents/carers and children are made aware of the school's escalation process. Staff are trained on how referrals are made and escalated as are parents when we have concerns. School is open with parents about referrals made unless advised otherwise by the police or First Response. If staff and or parents want a process escalated they are advised as to what to do. Staff have access to all numbers and are sign posted to Buckinghamshire's safeguarding team, which can be activated in the event of concerns not being resolved after the first point of contact.

Our lettings policy reflects the ongoing responsibility the school has for safeguarding those using the site outside of normal school hours, ensuring the suitability of adults working with children on school sites at any time. School must have sight of the up to date Child Protection Policy of any organisation hiring the school's facilities.

The school operates Safer Recruitment practices. Governors ensure that staff who are involved in the recruitment process have received safer recruitment training. Robust procedures are in place in order to prevent and deter people who are unsuitable to work with children, from applying or being employed by the school.

Naphill and Walters Ash School follows the guidance as set out in the KCSIE together with the information provided by the Bucks Safeguarding Children Partnership to ensure that all the appropriate checks have been carried out on new staff and volunteers.

[Safer Employment & the LADO \(Allegations\) - Buckinghamshire Safeguarding Children Partnership \(buckssafeguarding.org.uk\)](http://buckssafeguarding.org.uk)

Allegations against members of staff, supply staff, governors, including volunteers and contractors are referred to the Local Authority Designated Officer (LADO).

Our procedures are reviewed and updated annually as a minimum, or as there are changes to legislation.

Children are encouraged to share any concerns or worries with staff and are regularly reminded about this as part of the curriculum, PSHE lessons, assemblies and general class discussions.

5. Record-Keeping and Retention of Records

When a disclosure of abuse or an allegation against a member of staff or volunteer has been made, our school must have a record of this. These records are maintained in a way that is confidential and secure, in accordance with our Record Keeping Policy and Data Protection Legislation.

Records should include:

- a clear and comprehensive summary of the concern
- a clear, detailed and robust chronology must be maintained
- details of how the concern was followed up and resolved
- a note of any action taken, decisions reached and the outcome.

There is a statutory requirement for our school to pass any child protection records to the pupil's next school. This must take place within 5 days of the 1st day of term or within 5 days of an in-year transfer. There must be an auditable system in place to evidence this has taken place. Safeguarding records will be sent separately from the general files using a secure method. No records should be maintained within the school once the files have been transferred.

The last statutory school maintains child protection files until a pupil reaches the age of 25 years, therefore if the transfer school is unknown, or a pupil is going to be electively home educated, any child protection files will remain at our school in a secure location. Child protection files will only be destroyed when the pupil reaches their 25th birthday.

We have a robust system for reviewing our archived information held. Our files are stored and disposed of in line with GDPR protocols.

6. Communication and confidentiality

We recognise that all matters relating to child protection are confidential.

The Headteacher or Designated Safeguarding Lead must only disclose personal information about a pupil to other members of staff on a need to know basis.

Staff must not keep duplicate or personal records of child protection concerns. All information must be reported to the Designated Safeguarding Lead and securely stored in the designated location within the school, separate from the pupil records.

All staff are aware they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another as they have a duty to share. Staff must, however, reassure the child that information will only be shared with those people who will be able to help them and therefore need to know.

We will always undertake to share our intention to refer a child to Social Care (First Response) with their parent/carer's consent, unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, we will consult with First Response on this point. We recognise that GDPR data Protection Act 2018 must not be a barrier for sharing information regarding safeguarding concerns in line with **'Working Together'**.

7. Dealing with a disclosure In the event of a child disclosing abuse staff must:

In the event of a child disclosing abuse staff must:

Refer to the following guidance:

"What to do if You're Worried a Child is Being Abused" [Stat guidance template \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/guidance/what-to-do-if-youre-worried-a-child-is-being-abused)

Listen to the child, allowing the child to tell you what has happened in their own way and at their own pace. Staff must not interrupt a child who is freely recalling significant events. Remain calm. Be reassuring and supportive, endeavouring not to respond emotionally.

Do not ask leading questions. Staff are reminded to ask questions only when seeking clarification about something the child may have said or to gain sufficient information to know that this is a safeguarding concern. Staff are trained to use TED; Tell, Explain, Describe.

Make an accurate record of what they have seen/heard using the school's record keeping processes, recording; times, dates or locations mentioned, using as many words and expressions used by the child, as possible. Staff must not substitute anatomically correct names for body part names used by the child.

Reassure the child that they did the right thing in telling someone.

Staff must explain to the child what will happen next and the need for the information to be shared with the DSL.

In the unlikely event the DSL and the deputy DSL are not available, staff are aware they must share their concerns with the most senior member of staff.

If there is immediate risk of harm to a child, staff will NOT DELAY and will ring 999.

The child will be monitored/accompanied at all times following a disclosure, until a plan is agreed as to how best they can be safeguarded.

Reporting systems for children:

At Naphill and Walters Ash School children are made to feel safe and secure to share any concerns that they may have and know the systems in place for making any such report.

Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to First Response and the police if it is appropriate, referring to the guidance, When to call the police, [2491596 C&YP schools guides.indd \(npcc.police.uk\)](#) The rationale for this decision should be recorded by the DSL.

School should try to discuss any concerns about a child's welfare with parents/carers and, where possible, obtain consent before making a referral to First Response. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with First Response or the police whether the parents/carers should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account.

If there are grounds to suspect a child is suffering or is likely to suffer significant harm, the DSL (or Deputy) must contact First Response by telephone immediately, in first instance and then complete the Multi Agency Referral Form (MARF).

If the child is in immediate danger and urgent protective action is required, the police must be called. The DSL must then notify First Response of the occurrence and what action has been taken.

If a child needs urgent medical attention, the DSL (or Deputy) should call an ambulance via 999. DSL to contact First Response; advice to be sought from First Response about informing parents/carers.

8. Multi-agency working

Naphill and Walters Ash School know what the role of schools is, as a relevant agency, within the three safeguarding partner arrangements and as required, will contribute to multi-agency working, in line with the statutory guidance 'Working Together to Safeguard Children'.

When named as a relevant agency and involved in safeguarding arrangements, Naphill and Walters Ash School will co-operate alongside other agencies with the published arrangements.

Naphill and Walters Ash School will contribute to inter-agency plans to offer children support of early help and those children supported through child protection plans.

Naphill and Walters Ash School will allow access for and work with children's social care to conduct or consider whether to conduct as section 17 or section 47 assessment.

If, following a referral, the situation is not improving for the child, the DSL will follow the escalation process.

9. Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.
- Have family members in prison, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.

- Are persistently absent from education, including persistent absences for part of the school day.
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

10 Supporting Staff

We recognise that staff becoming involved with a child who has suffered harm, or appears to be likely to suffer harm, could find the situation stressful and upsetting.

We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support if necessary. This could be provided by the Headteacher or another trusted colleague, Occupational Health, and/or a representative of a professional body, Employee Assistance Programme (PAM) or trade union, as appropriate.

11. Allegations against staff, supply staff, volunteers and contractors (including Governors)

Here at Naphill and Walters Ash School, we have our own procedures for managing concerns and/or allegations against those working in school to include staff, supply teacher, volunteers and contractors.

KCSIE 2022- Part four contains comprehensive guidance covering the two levels of allegations/concern: 1. allegations that may meet the harms threshold 2.

Allegations/concerns that do not meet the harms threshold- referred to for the purpose of this guidance as 'low level concerns'.

All school staff, supply staff, volunteers and contractors must take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents/carers to be conducted in view of other adults.

We understand that a pupil may make an allegation against a member of staff, member of supply staff, volunteer or contractor. If such an allegation is made, the member of staff notified of the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present. If the allegation is made against the Headteacher, the Chair of Governors must be informed.

At Naphill and Walters Ash School we recognise that an allegation may be made if a member of staff, a member of supply staff, a volunteer or a contractor has:

- Behaved in a way that has harmed a child, or may have harmed a child
- Possibly committed a criminal offence against or related to a child
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children. This includes behaviours both inside and outside of school.

The Headteacher/Senior Teacher on all such occasions must immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO).

The Head Teacher/Senior Teacher must:

Follow all advice given by the LADO throughout the investigation process, including how to manage the staff member, supply staff member, volunteer or contractor against whom the allegation is made, as well as supporting other staff, supply staff members, volunteers and contractors within the workplace.

Follow all advice given by the LADO relating to supporting the child making the allegation, as well as other children connected to the organisation.

Ensure feedback is provided to the LADO about the outcome of any internal investigations.

The school will follow the local safeguarding procedures for managing allegations against staff, supply staff, volunteers and contractors, a copy of which can be found on the P Drive or be asked for at the school office.

If the allegation is made against a member of staff supplied by an external agency, the agency will be fully kept fully informed and involved in any enquiries from the LADO.

Suspension of the member of staff against whom an allegation has been made needs careful consideration and, if necessary, we will consult with the LADO in making this decision. Guidance will also be sought from HR.

If a suspension is made, restrictions will apply to all staff, supply staff, volunteers and contractors regarding contact with them whilst they are suspended, including contact via social media, such as Facebook and Twitter.

Our lettings agreement for other users requires that the organiser will follow the Buckinghamshire Council procedures for managing allegations against staff and where necessary, the suspension of adults from school premises.

Should an individual staff member, supply staff member, governor, volunteer or contractor be involved in child protection, other safeguarding procedures or Police investigations in relation to abuse, neglect and exploitation, they must immediately inform the Head Teacher. In these circumstances, the school will need to assess whether there is any potential transfer of risk to the workplace and the individual's own work with children.

12. Whistleblowing

We have a Whistleblowing Policy which can be found on the P drive or asked for at the school office. Staff are required to familiarise themselves with this document during their induction period.

All staff must be aware of their duty to raise concerns about unsafe practice or the attitude or actions of colleagues and report their concerns to the Headteacher or Chair of Governors.

Low-level concerns

At Naphill and Walters Ash School all staff know they have a responsibility to share any concerns, no matter how small, about any adults working in school to the DSLs. Staff are made aware of what a low-level concern might look like using the examples from the KCSIE page 106. All reports will be dealt with effectively and recorded, enabling the school to identify any concerning behaviour and support any adults becoming the subject of false low-level concerns.

13. Physical intervention/Positive handling

Our policy on physical intervention/positive handling by staff is set out separately, as part of our Behaviour Policy.

[Use of reasonable force in schools - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

14. Anti-Bullying

Anti Bullying is referenced within the Behaviour Policy and has its own policy and measures are in place to prevent and respond to all forms of bullying, which acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

15. Discriminatory Incidents

In line with the Equalities Act 2010, our Equalities Policy addresses all forms of discriminatory incidents.

16. Health and Safety

We recognise the importance of safeguarding pupils throughout the school day. Our Health and Safety policy reflects the consideration we give to the protection of our children, both physically and emotionally, within the school environment.

Part of the safeguarding measures we have in place include the safe dropping off and collection of pupils at the start and end of the school day. Taxi drivers come to the office door to collect the children but notification is needed from parents to confirm arrangements. Children who come by bus are asked to have a mobile phone with all contact numbers on.

Pupils who leave the site during the school day do so only with the written permission of a parent/carer and are collected by an authorised adult where appropriate. School should be notified by the parents/carers regarding whom they have authorised for this task. Parents are asked to sign in and out via the system at the front desk.

KS1 and Reception pupils are collected by Quackers from either the playground or classrooms. KS2 meet in the playground or go directly to club from their classrooms.

In the event of a pupil going missing during the course of the school day we will carry out immediate checks to ensure the pupil is not on site, we will then make contact with the pupil's parents/carers and inform the police.

17. Prevent Duty

We are aware of the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 to protect young people from being drawn into terrorism.

All school staff and governors have completed Prevent training.

We have in place and monitor appropriate web filtering systems.

The DSLs and senior leaders are familiar with their duties under The Prevent Duty Guidance: [Revised Prevent duty guidance: for England and Wales - GOV.UK](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/444242/Revised_Prevent_duty_guidance_for_England_and_Wales_-_GOV.UK.pdf) (www.gov.uk)

18. Online Safety

All staff are aware of the school policy for Online-Safety which sets out our expectations relating to:

- Creating a safer online learning environment,
- Giving everyone the skills, knowledge and understanding to help children stay safe on-line, question the information they are accessing and support the development of critical thinking,

- Inspiring safe and responsible use of mobile technologies, to combat behaviours on-line which may make pupils vulnerable, including the sending of nude or semi-nude images.
- Use of camera equipment, including smart phones.
- What steps to take if there are concerns and where to go for help.
- Staff use of social media as set out in the Staff Code of Conduct.

Cyber-bullying by children, via texts, social media and emails, will be treated as seriously as any other type of bullying and will be managed through our antibullying procedures. The School takes seriously any incidents that occur outside of school and works with children and families. The school will take appropriate actions i.e sanctions in school, referrals to the police, First Response and working with families to ensure a full understanding of what has happened, why it has happened and to educate all involved to prevent it from happening again.

School are aware of the risks posed by children in the online world; in particular non-age appropriate content linked to self-harm, suicide, grooming and radicalisation.

Pupils, staff and parents/carers are supported to understand the risks posed by:

- the CONTENT accessed by pupils
- their CONDUCT on-line
- who they have CONTACT within the digital world
- COMMERCE - risks such as online gambling, inappropriate advertising, phishing and or financial scams.

Naphill and Walters Ash School has online filtering and monitoring systems in place to ensure children are safeguarded from potentially harmful online material.

School will follow the advice as given by the government, to advise and support children with any online learning taking place at home to ensure this is done so safely.

We have a separate Mobile Phone Policy which sets out the acceptable use of mobile technologies by pupils whilst onsite. This includes sanctions which will be applied when these boundaries are not adhered to.

Visitors to our school are respectfully requested to turn all mobile devices off.

Staff use of mobile technology whilst on site is set out in the Staff Code of Conduct.

All staff receive awareness training in order to understand the risks children are exposed to.

Staff will be aware of the filtering systems in place and will know how to escalate concerns where they are identified.

19. Sending nude or semi-nude images

Sending nude images or semi-nude images, is one of a number of 'risk-taking' behaviours associated with the use of digital technologies, social media or the internet. It is accepted that children experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated.

Further advice and guidance can be found using the link below:

[Sharing nudes and semi-nudes](#)

Staff, pupils and parents/carers are supported, via training, to understand the creation and sharing of sexual imagery, such as photos or videos, of under 18s is illegal. This includes images of pupils themselves if they are under the age of 18.

Any disclosures/incidents that occur will follow the normal safeguarding practices and protocols for our school. We will also use the guidelines for responding to incidents, as set out in:

[Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](#) produced by the UK Council for Internet Safety. The DSL will inform parents/carers of any incidents.

20. Child on Child Abuse

Naphill and Walters Ash School believes that all children have a right to attend school and learn in a safe environment free from harm by both adults and other pupils. We recognise that some safeguarding concerns can occur via child on child abuse.

All staff operate a zero-tolerance policy to peer on peer abuse and will not pass off incidents as 'banter' or 'just growing up'.

All staff recognise that child on child issues may include, but may not be limited to:

- Bullying (including cyber bullying)
- Racial abuse
- Physical abuse, such as hitting, hair-pulling, shaking, biting or other forms of physical harm
- Sexual violence and sexual harassment

- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party .
- Abuse related to sexual orientation or identity
- Sending nude or semi-nude images (consensual & non-consensual)
- Upskirting and initiation/hazing type violence and rituals
- Emotional abuse

All staff should be able to reassure victims that they are being taken seriously and that they will be supported and kept safe.

The following will be considered when dealing with incidents:

- Whether there is a large difference in power between the victim and perpetrator i.e. size, age, ability, perceived social status or vulnerabilities, including SEND, CP/CIN or CLA
- Whether the perpetrator has previously tried to harm or intimidate pupils
- Any concerns about the intentions of the alleged perpetrator

In order to minimise the risk of child on child abuse taking place, school must:

- Deliver RE/RSE/PSHE to include teaching pupils about how to keep safe and understanding what acceptable behaviour looks like
- Ensure that pupils know that all members of staff will listen to them if they have concerns and will act upon them
- Have systems in place for any pupil to be able to voice concerns
- Develop robust risk assessments if appropriate
- Refer to any other relevant policies when dealing with incidents, such as the Behaviour Policy and/or the Anti-Bullying Policy

We recognise that 'Upskirting' involves taking a photograph under an individual's clothing without their knowledge. We understand that it causes the victim distress and humiliation and that any gender can be a victim. Staff recognise that 'Upskirting' is a criminal offence and must promptly report any such incidents to the Headteacher, DSL or most senior member of staff.

Reference will be made to the following government guidance and part 5 of the Keeping Children Safe in Education, Sept 2022 to ensure that all staff have an understanding of the serious nature of sexual violence and sexual harassment

between children in schools. Sexual violence and sexual harassment between children in schools and colleges (publishing.service.gov.uk)

21. Sexual Violence & Sexual Harassment

Sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. This can occur online, face to face (both physically and verbally) and can take place inside or outside of school. As set out in Part five of the KCSIE 2022, all staff maintain an attitude of 'it could happen here' and it is never acceptable.

All staff have a responsibility to address inappropriate behaviour in a timely manner, however seemingly insignificant it may appear.

All victims will be reassured that they are being taken seriously and that they will be supported and kept safe. No child will ever be made to feel ashamed for making a report or that they are creating a problem for our school

22. Cultural Issues and So-Called 'Honour' Based Abuse.

As a school we are aware of the cultural diversity of the community around us and work sensitively to address the unique culture of our pupils and their families as they relate to safeguarding and child protection. This includes children at risk of harm from abuse arising from culture, ethnicity, faith and belief on the part of their parent, carer or wider community.

Staff must report concerns about abuse linked to culture, faith and beliefs in the same way as other child protection concerns.

Staff at our school understand there is a legal duty to report known cases of Female Genital Mutilation (FGM) and So Called 'Honour' Based Abuse to the police and they will do this with the support of the DSL. See - Mandatory reporting of female genital mutilation: procedural information - GOV.UK

Our school is aware of the need to respond to concerns relating to forced marriage and understand that it is illegal, a form of child abuse and a breach of children's rights. We recognise some pupils, due to capacity or additional learning needs, may not be able to give an informed consent and this will be dealt with under our child protection processes. Naphill and Walters Ash School staff can contact the Forced Marriage Unit if they need advice or information. Contact 020 7008 0151

fmufco.gov.uk

We are aware of the signs of FGM Female genital mutilation (FGM) [Female genital mutilation \(FGM\) | NSPCC](#)

We recognise both male and female pupils may be subject to honour-based abuse.

We promote awareness through training and access to resources, ensuring that the signs and indicators are known and recognised by staff.

Any suspicions or concerns for forced marriage are reported to the DSL who will refer to First Response or the police if emergency action is required.

23. Contextual Safeguarding and Extra Familial Harms

Contextual Safeguarding is an approach to understanding and responding to children's experiences of significant harm beyond their families. Extra-familial harm is linked to contextual safeguarding; these concepts refer to harms that occur outside of the family system, including harmful online contact (Last part of sentence removed).

At Naphill and Walters Ash School, all staff recognise that pupils may encounter safeguarding incidents that happen outside of school and can occur between children outside of this environment. We will respond to such concerns, reporting to the appropriate agencies in order to support and protect the pupil.

All staff and especially the DSLs, will consider the context of incidents that occur outside of school to establish if situations outside of their families may be putting the pupil's welfare and safety at risk of abuse or exploitation, including (but not limited to) sexual exploitation, criminal exploitation and serious youth violence.

Children who may be alleged perpetrators will also be supported to understand the impact of contextual issues on their safety and welfare.

In such cases the individual needs and vulnerabilities of each child will be considered.

Further guidance can be found at: <https://contextualsafeguarding.org.uk/>

24. Serious Violence

All staff are aware of signs and indicators which may signal that children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being or signs of assault or unexplained injuries. Staff are aware that unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

At Naphill and Walters Ash School we are aware of the range risk factors which increase the likelihood of involvement in serious violence such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. School will take appropriate measures to manage any situations arising. [Preventing youth violence and gang involvement - Practical advice for schools and colleges \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/444444/preventing-youth-violence-and-gang-involvement-practical-advice-for-schools-and-colleges.pdf)

25. Domestic Abuse

All staff recognise that children who experience domestic abuse, including intimate partner abuse, referred to as 'teenage relationship abuse' KCSIE can suffer long lasting emotional and psychological effects. Staff also recognise the impact on children seeing, hearing or experiencing the effects of domestic abuse. Staff must report any concerns using the school's safeguarding procedures.

26. Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outline below.

Children who need a social worker (Child Protection and Child In Need Plans)

Staff recognise that children may have a social worker due to safeguarding or welfare needs and this can cause them to have barriers with attendance, behaviour, learning and mental health.

Naphill and Walters Ash will share information with a social worker for any child whom they are supporting to ensure decisions are made in the best interests of the child.

Informed decisions will be made by staff with regards to safeguarding for those children who are being supported by a social worker.

The Virtual School lead the support for this cohort of children and Naphill and Walters Ash School will work in partnership with them and the Local Authority to improve outcomes for these children.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

LAC and PLAC

Naphill and Walters Ash School has a named Designated Teacher (DT), who is responsible for promoting the education achievement and well-being for LAC and previously LAC children.

The DT works closely with the DSL to ensure that any safeguarding concerns are responded to quickly and effectively and are shared with the appropriate agencies.

The Virtual School, who is responsible for overseeing the progress of this group of children, work in partnership with the DT and other agencies, supporting them to promote better outcomes for these children.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

LGBTQ+ pupils

The fact that a pupil may be LGBTQ+ is not in itself an inherent risk factor for harm; however, staff will be aware that LGBTQ+ pupils can be targeted by other individuals. Staff will also be aware that, in some cases, a pupil who is perceived by others to be LGBTQ+ (whether they are or not) can be just as vulnerable as pupils who identify as LGBTQ+.

Staff will also be aware that the risks to these pupils can be compounded when they do not have a trusted adult with whom they can speak openly with. Staff will endeavour to reduce the additional barriers faced by these pupils and provide a safe space for them to speak out and share any concerns they have.

Pupils requiring mental health support

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

At Naphill and Walters Ash School we are aware that mental health problems can be an indicator that a child has suffered or may be at risk of suffering abuse, neglect, or exploitation. Staff recognise that traumatic adverse childhood experiences can have lasting impact throughout a child's life and this can impact on mental health, behaviour and education.

Staff will report any mental health concern that is linked to a safeguarding concern to the DSL.

Where there are concerns for a child's mental health Naphill and Walters Ash School will seek advice from a trained professional, who would be able to make a diagnosis of a mental health problem. Mental health and behaviour in schools

<https://www.gov.uk/guidance/mental-health-and-wellbeing-support-in-schools-and-colleges>

27. Use of Photography

We will often use photographs and film to capture achievements, monitor a child's development and help promote successes within our school. We will always ask parents/carers' permission for any photographs and videos to be taken and used.

Where photographs and videos will involve pupils who are LAC, adopted pupils, or pupils for whom there are security concerns, staff will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are LAC or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

28. Use of the school premises for non-school activities

Where the governing board hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate arrangements are in place to keep pupils safe.

Where the governing board provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing board will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing board will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing board will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

External bodies that host extracurricular activities and clubs at the school, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

30. Alternative provision

When a child is accessing an alternative provision, the school remains responsible for the safeguarding of that child. It will ensure that the provision has secure and robust safeguarding arrangements in place and meets the needs of the child. A member of staff, from school, will regularly visit the provision and meet with the child to hear their voice and ensure regular attendance.

Policy Review

The Governing Body of our school is responsible for ensuring the annual review of this policy. The date the next review is due is on the front cover of this policy.

Appendix

Everyone who works with children has a duty to safeguard and promote their welfare. They should be aware of the signs and indicators of abuse and know what to do and to whom to speak if they become concerned about a child or if a child discloses to them. The following is intended as a reference for school staff and parents/carers if they become concerned that a child is suffering or likely to suffer significant harm. The Children Act 1989 defines abuse as when a child is suffering or is likely to suffer 'significant harm'. Harm means ill treatment or the impairment of health or development. Four categories of abuse are identified:

Categories of Abuse

For the purposes of this policy, “**abuse**” is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, “**physical abuse**” is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, “**emotional abuse**” is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, “**sexual abuse**” is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may

involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, “**neglect**” is defined as the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

All staff will be aware of the indicators of abuse and neglect and understand that children can be at risk of harm inside and outside of the school, inside and outside of home, and online. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

Exploitation Exploitation is a form of child abuse and may take a number of forms: Child Sexual Exploitation (CSE) and child Criminal Exploitation (CCE) Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation. Taken from – “Keeping Children Safe in Education 2022”. Home Office – Serious Violence Strategy, April 2018 (publishing.service.gov.uk)

Extremism Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups

Specific safeguarding issues

There are certain specific safeguarding issues that can put children at risk of harm – staff will be aware of these issues.

[Appendix A](#) of this policy sets out details about specific safeguarding issues that pupils may experience and outlines specific actions that would be taken in relation to individual issues.

Domestic abuse

For the purposes of this policy, and in line with the Domestic Abuse Act 2021, “**domestic abuse**” is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person’s child) where both are aged 16 or over and are personally connected. “**Abusive behaviour**” includes physical or sexual abuse, violent or threatening behaviour, controlling or

coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. **“Personally connected”** includes people who:

- Are, have been, or have agreed to be married to each other.
- Are, have been, or have agreed to be in a civil partnership with each other.
- Are, or have been, in an intimate personal relationship with each other.
- Each have, or had, a parental relationship towards the same child.
- Are relatives.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

Homelessness

The DSL and deputy DSLs will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include:

- Household debt.
- Rent arrears.
- Domestic abuse.
- Anti-social behaviour.
- Any mention of a family moving home because “they have to”.

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSCS will be made as necessary where concerns are raised.

Children missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation. Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school’s permission for a continuous period of 10 school days or more.

Admissions register

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be

attending. The school will notify the LA within 5 days of when a pupil's name is added to the admissions register.

The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur. Two emergency contacts will be held for each pupil where possible. Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.

If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
- Have been permanently excluded.

The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.

If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)

The school will work with the LA to establish methods of making returns for pupils back into the school. The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown. The school will also highlight any other necessary contextual information, including safeguarding concerns.

Child abduction and community safety incidents

For the purposes of this policy, “**child abduction**” is defined as the unauthorised removal or retention of a child from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents and other relatives, other people known to the victim, and strangers.

All staff will be alert to community safety incidents taking place in the vicinity of the school that may raise concerns regarding child abduction, e.g. people loitering nearby or unknown adults conversing with pupils.

Pupils will be provided with practical advice and lessons to ensure they can keep themselves safe outdoors.

Child criminal exploitation (CCE)

For the purposes of this policy, “**child criminal exploitation**” is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

The school will recognise that pupils involved in CCE are victims themselves, regardless of whether they have committed crimes, and even if the criminal activity appears consensual. The school will also recognise that pupils of any gender are at risk of CCE.

School staff will be aware of the indicators that a pupil is the victim of CCE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.

County lines

For the purposes of this policy, “**county lines**” refers to gangs and organised criminal networks exploiting children to move, store or sell drugs and money into one or more areas, locally and/or across the UK.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line.
- Moving drugs.
- Handing over and collecting money for drugs.
- Being exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection.
- Being found in accommodation they have no connection with or a hotel room where there is drug activity.
- Owing a ‘debt bond’ to their exploiters.
- Having their bank account used to facilitate drug dealing.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs. Staff members who suspect a pupil may be vulnerable to, or involved in, county lines activity will immediately report all concerns to the DSL.

The DSL will consider referral to the National Referral Mechanism on a case-by-case basis and consider involving local services and providers who offer support to victims of county lines exploitation.

Cyber-crime

For the purposes of this policy, “**cyber-crime**” is defined as criminal activity committed using computers and/or the internet. This includes ‘cyber-enabled’ crimes, i.e. crimes that can happen offline but are enabled at scale and at speed online, and ‘cyber-dependent’ crimes, i.e. crimes that can be committed only by using a computer. Crimes include:

- Unauthorised access to computers, known as ‘hacking’.
- Denial of Service attacks, known as ‘booting’.
- Making, supplying or obtaining malicious software, or ‘malware’, e.g. viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence.

All staff will be aware of the signs of cyber-crime and follow the appropriate safeguarding procedures where concerns arise. This may include the DSL referring pupils to the National Crime Agency’s Cyber Choices programme.

Child sexual exploitation (CSE)

For the purposes of this policy, “**child sexual exploitation**” is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil’s immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited, e.g. they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.

- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.
- Having older partners.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

All concerns related to CSE will be managed in line with the school's Child Sexual Exploitation (CSE) Policy.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered, including referral to the LA. The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

Modern slavery

For the purposes of this policy, "**modern slavery**" encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the National Referral Mechanism.

FGM

For the purposes of this policy, "**FGM**" is defined as all procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSCS and/or the police. The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they

should also consider and discuss any such case with the DSL and involve CSCS as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society.
- The pupil coming from a community known to adopt FGM.
- Any girl with a mother or sister who has been subjected to FGM.
- Any girl withdrawn from PSHE.

Indicators that FGM may take place soon include:

- When a female family elder is visiting from a country of origin.
- A girl confiding that she is to have a 'special procedure' or a ceremony to 'become a woman'.
- A girl requesting help from a teacher if she is aware or suspects that she is at immediate risk.
- A girl, or her family member, talking about a long holiday to her country of origin or another country where FGM is prevalent.

All staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin. Indicators that FGM may have already taken place include the pupil:

- Having difficulty walking, sitting or standing.
- Spending longer than normal in the bathroom or toilet.
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- Having prolonged or repeated absences from school, followed by withdrawal or depression.
- Being reluctant to undergo normal medical examinations.
- Asking for help, but not being explicit about the problem due to embarrassment or fear.

FGM is included in the definition of “**honour-based’ abuse (HBA)**”, which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such. Staff

will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

Virginity testing and hymenoplasty

Under the Health and Care Act 2022, it is illegal to carry out, offer or aid and abet virginity testing or hymenoplasty in any part of the UK. It is also illegal for UK nationals and residents to do these things outside the UK.

Virginity testing - Also known as hymen, '2-finger' or vaginal examination, this is defined as any examination (with or without contact) of the female genitalia intended to establish if vaginal intercourse has taken place. This is irrespective of whether consent has been given. Vaginal examination has no established scientific merit or clinical indication.

Hymenoplasty - A procedure which can involve a number of different techniques, but typically involving stitching or surgery, undertaken to reconstruct a hymen with the intent that the person bleeds the next time they have vaginal intercourse. Hymenoplasty is different to procedures that may be performed for clinical reasons, e.g. surgery to address discomfort or menstrual complications.

Virginity testing and hymenoplasty are forms of violence against women and girls and are part of the cycle of HBA, and can be precursors to child or forced marriage and other forms of family and/or community coercive behaviours, including physical and emotional control. Victims are pressurised into undergoing these procedures, often by family members or their intended husbands' family to fulfil the requirement that a woman remains 'pure' before marriage. Those who 'fail' to meet this requirement are likely to suffer further abuse, including emotional and physical abuse, disownment and even honour killings.

The procedures are degrading and intrusive, and can result in extreme psychological trauma, provoking conditions such as anxiety, depression and PTSD, as well as physical harm and medical complications. Staff will be alert to the possible presence of stress, anxiety and other psychological or behavioural signs, and mental health support should be made available where appropriate.

Victims face barriers in coming forward, e.g. they may not know that the abuse was abnormal or wrong at the time, and may feel shameful, having been taught that speaking out against family and/or the community is wrong, or being scared about the repercussions of speaking out. The school will educate pupils about the harms of these practices and dispel myths, e.g. the belief that virginity determines the worth of a woman, and establish an environment where pupils feel safe enough to make a disclosure.

Pupils aged 13 and older are considered to be most at risk, but it can affect those as young as 8, and anyone with female genitalia can be a victim regardless of age,

gender identity, ethnicity, sexuality, religion, disability or socioeconomic status. All staff will be aware of the following indicators that a pupil is at risk of or has been subjected to a virginity test and/or hymenoplasty:

- A pupil is known to have requested either procedure or asks for help
- Family members disclose that the pupil has already undergone the practices
- Pain and discomfort after the procedures, e.g. difficulty in walking or sitting for a long period of time which was not a problem previously
- Concern from family members that the pupil is in a relationship, or plans for them to be married
- A close relative has been threatened with either procedure or has already been subjected to one
- A pupil has already experienced or is at risk of other forms of HBA
- A pupil is already known to social services in relation to other safeguarding issues
- A pupil discloses other concerns that could be an indication of abuse, e.g. they may state that they do not feel safe at home, that family members will not let them out the house and/or that family members are controlling
- A pupil displays signs of trauma and an increase in emotional and psychological needs, e.g. withdrawal, anxiety, depression, or significant change in behaviour
- A pupil appears fearful of their family or a particular family member
- Unexplained absence from school, potentially to go abroad
- Changes in behaviour, e.g. a deterioration in schoolwork, attendance, or attainment

The above list is not exhaustive, but if any of these indicators are identified, staff members will immediately raise concerns with the DSL. An assessment of the risk they face will be undertaken. If there is believed to be immediate danger, the police will be contacted without delay.

The school will not involve families and community members in cases involving virginity testing and hymenoplasty, including trying to mediate with family or using a community member as an interpreter, as this may increase the risk of harm to the pupil, including expediting arrangements for the procedure.

Forced marriage

Forced marriage is a marriage where one or both spouses do not consent to the marriage but are coerced into it. Force can be physical, psychological, financial, sexual and emotional pressure. A lack of full and free consent can be where a person does not consent or where they cannot consent, e.g. due to some forms of SEND. Where an individual lacks the capacity to consent to marriage, coercion is not required for a marriage to be forced.

All staff will be alert to the indicators that a pupil is at risk of, or has undergone, forced marriage, including, but not limited to, the pupil:

- Being absent from school – particularly where this is persistent.
- Requesting for extended leave of absence and failure to return from visits to country of origin.
- Being fearful about forthcoming school holidays.
- Being subjected to surveillance by siblings or cousins at school.
- Demonstrating a decline in behaviour, engagement, performance, exam results or punctuality.
- Being withdrawn from school by their parents.
- Being removed from a day centre when they have a physical or learning disability.
- Not being allowed to attend extracurricular activities.
- Suddenly announcing that they are engaged to a stranger, e.g. to friends or on social media.
- Having a family history of forced marriage, e.g. their older siblings have been forced to marry.
- Being prevented from going on to further or higher education.
- Showing signs of mental health disorders and behaviours, e.g. depression, self-harm, anorexia.
- Displaying a sudden decline in their educational performance, aspirations or motivation.

Staff who have any concerns regarding a pupil who may have undergone, is currently undergoing, or is at risk of forced marriage will speak to the DSL or headteacher and local safeguarding procedures will be followed – this could include referral to CSCS, the police or the Forced Marriage Unit. The DSL or headteacher will ensure the pupil is spoken to privately about these concerns and further action taken as appropriate. Pupils will always be listened to and their comments taken seriously.

It will be made clear to staff members that they should not approach the pupil's family or those with influence in the community, without the express consent of the pupil, as this will alert them to the concerns and may place the pupil in further danger.

Advice will be sought from the Forced Marriage Unit following any suspicion of forced marriage among pupils.

If a pupil is being forced to marry, or is fearful of being forced to, the school will be especially vigilant for signs of mental health disorders and self-harm. The pupil will be supported by the DSL and senior mental health lead and referrals will be made on a case-by-case basis.

Staff members will make themselves aware of how they can support victims of forced marriage in order to respond to the victims needs at an early stage, and be aware of

the practical help they can offer, e.g. referral to social services and local and national support groups.

Local child safeguarding procedures will be activated following concerns regarding forced marriage – the school will use existing national and local protocols for multi-agency liaison with police and children’s social care.

The school will support any victims to seek help by:

- Making them aware of their rights and choices to seek legal advice and representation.
- Recording injuries and making referrals for medical examination where necessary.
- Providing personal safety advice.
- Developing a safety plan in case they are seen, e.g. by preparing another reason for why the victim is seeking help.

The school will establish where possible whether pupils at risk of forced marriage have a dual nationality or two passports.

The school will aim to create an open environment where pupils feel comfortable and safe to discuss the problems they are facing – this means creating an environment where forced marriage is discussed openly within the curriculum and support and counselling are provided routinely.

The school will take a whole school approach towards educating on forced marriage in the school curriculum and environment – in particular, the school’s RSHE curriculum will incorporate teaching about the signs of forced marriage and how to obtain help. Appropriate materials and sources of further support will be signposted to pupils. Pupils will be encouraged to access appropriate advice, information and support.

Teachers and other staff members will be educated by CPD about the issues surrounding forced marriage and the signs to look out for.

Radicalisation

For the purposes of this policy, “**radicalisation**” refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

For the purposes of this policy, “**extremism**” refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces.

For the purposes of this policy, “**terrorism**” refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or

seriously interferes with or disrupts an electronic system. The use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school's wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils' behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms. Any concerns over radicalisation will be discussed with the pupil's parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect pupils against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

The Prevent duty

Under section 26 of the Counter-Terrorism and Security Act 2015, all schools are subject to a duty to have "due regard to the need to prevent people from being drawn into terrorism", known as "**the Prevent duty**". The Prevent duty will form part of the school's wider safeguarding obligations.

The school's procedures for carrying out the Prevent duty, including how it will engage and implement the Channel programme, are outline in the Prevent Duty Policy.

Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of '[Are you a young person with a family member in prison?](#)' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will be provided with the booklet '[Going to Court](#)' from HMCTS where appropriate and allowed the opportunity to discuss questions and concerns.

Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional. Staff will, however, be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one. Staff will also be aware of how pupils' experiences can impact on their mental health, behaviour, and education.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or deputy DSLs.

The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

In all cases of mental health difficulties, the school's Social, Emotional and Mental Health (SEMH) Policy will be consulted and adhered to at all times.

Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault.
- Unexplained injuries.
- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- Being male.
- Having been frequently absent from school.
- Having been permanently excluded from school.
- Having experienced child maltreatment.
- Having been involved in offending, such as theft or robbery.

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.
